In “Sex Differences in the Joint Trajectories of Depressive Symptoms and Body Mass Index From Adolescence to Early Adulthood: Longitudinal Observational Study” [1], the authors noted two affiliation errors.

The affiliation for author XRZ has been changed to:

*Department of Pediatrics, Peking University People's Hospital, Beijing, China*

In addition, the affiliations for author YS have been amended so that the author is only affiliated with the following institution:

*Institute of Child and Adolescent Health, School of Public Health, Peking University, Beijing, China*

The correction will appear in the online version of the paper on the JMIR Publications website, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.
